II History, safety and caring for our heritage

05 Respecting the history of the house

Casa Maracuyá holds a rich history: you will find pieces and decorative objects that are more than 200 years old. Please treat every object, piece of furniture and fixture with care, as they are part of the identity of the house.

06 Safety on the seafront boardwalk and outdoor areas

As part of its historic charm, the house has a wooden pier-style boardwalk right on the sea. Because it sits at a height above a stone breakwater and is protected by a low rope fence, **constant, direct supervision of children and pets** is mandatory in this area. The house is not responsible for accidents caused by lack of supervision there.

07 Pool safety

- Children must be accompanied by a responsible adult at all times in the pool area.
- For strict safety reasons, glasses, bottles or containers made of glass are completely forbidden in and around the pool area.

08 Pet-friendly policy

- We love pets and they are very welcome. They must remain under their owners' continuous supervision and care.
- Although we are pet friendly, **pets are not allowed to sleep on the beds** or get on them.
- Any damage to the property, plants or furniture caused by a pet is the owner's responsibility and will be charged to the group's account.

09 Linen, equipment and damage charges

- Bed linen, towels (bath and pool), electronic devices and furniture in general must be returned in perfect condition.
- Any damage, permanent stain or loss of decorative objects, equipment or linen will be charged to the guest at the market cost of replacement or repair.

10 Insulated tumblers (Yeti)

The Yeti-style insulated tumblers provided for your comfort belong to the house and must be returned at the end of your stay. If lost or not returned, a charge of **$100 USD per tumbler** will apply.

14 Noise and quiet hours

Please keep the music down after 11:00 PM to keep the peace and respect the calm of the surroundings.
